

Ex-Offenders United Advisory Action Council (EUAAC)

The mission is to create an environment of hope for the formerly incarcerated by effectively communicating the possibility of rehabilitation and self-sufficiency by identifying and prioritizing issues and concerns that adversely affect the formerly incarcerated. We believe that the achievement of this goal can be accomplished by engaging the formerly incarcerated to take an active role in advocating for the development and implementation of public policies and practices that directly and positively impact the ex-offender population and their families.
